To those who Want Farms A Farm within the Reach of every Man

The Ridgway Farm company has made arrang reals by which all who desire to settle or pur means by which all who desire to settle or pur-chase a home can do so.

The Farm consists of the best lime tone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive smigra-tion is new positing. The property is located in Elk county, Pennsylvania, in the midst of a thri-ving population of some 10,000. The climate is healthy and the terrible plague of the west fever is unknown. It also has an abundance of the level quality of Coal and Iven. The price to buy it cut is from \$36\$20 per nere, payable by instalments, to be located at the time of parchasing, or a share of 20 acres, entitling to locate the some for \$500, payable \$6 per month, 12 1-2 scree, payable \$4 per month. Discount for every sum of \$100 and under, paid in advance, a directual of 5 per cent will be allowed and for over \$100 a discount of 10 per cent.

will be allowed that for over 2500 a discount of the per cent.

In considering the advantages of emigrating to this locality the following are presented:

First—The soil is of a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great presper-

of raising the heaviest crops, owing to which this settlement has attained its present great prespertive.

Second—It is the centre of the Great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to the population and travel the greatest in the Union.) It has five workable vains of the best Bitminous Goal, amounting in the aggregate to over 22 feet, which makes 22 000 tons of Coal under each acre, This will make the land of inestimable value.

The eminent state geologist Dr. Chas. T. Jack son of Boston, has made a geological survey of the isned and analyzed the Coal, the fron Ore and the immestone. This report together with maps will be furnished to inquirers.

Fourth—Three Italiroads are laid out through this property. The Sunbury and Frie Railroad gives us a market for our coal to the lakes—it runs from Eric to Philadelphia. A large part of this road has been finished, and is now in running order. A neavy force is now working from Eric towards our land in the western direction, the means for the completion of which has been raised—it will soon be linished. The Allegany Valley Railroad connects us with New York, loston and Pittsburg. The Verango Road connects us with the West.

There are already good Turnpine Reads running through this property, various other roads have been opened to accommodate the emigration and settlement which has aiready taken place.

There is no oportunity equal to it now offered to the man who wants to provide himself a hope in an easy way, and make a settlement where lie can live in presperity and independence in a climate PERFECTLY HEALTHY.

No case of the Fever ever having been known to occur in this settlement. It is not like geing to occur in this settlement.

PERFECULY HEALTHY.

No case of the Fever ever having been known to occur in this settlement. It is not like geing to the backwocds of the West, among perinaps intolerant people, where there is no Society, Churches or Schools, where the price of land is high, and where the emigrant, after being used to the heal thiest climate in the world, has to endure sickness and pain, and perinaps ruins his health and that of his family. But here is a thiving settlement having three towns, containing Churches, schools Hotels, Stores Saw Mills, and everything desired. There is a cash market at hand. The lumber trade hast your amounted to ever two hundred million feet of lumber. In a short time, owing to the cost, it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Waren. Land for those wheeless of will see started; they are at present starting them extensively at Warren. Even for those who do not wis to go there, the payments are such that they caesally buy a farm to save their rising families from

to go there, the payments are such that they can easily buy a furn to save their rising familes from want in the future, or to gain a competence by the rise which will take place in value of lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application apply or write to E. Jeffennes, Secretary, No. 135 Walnut street, below Fifth, Philadelphia. Letters carefully answered giving full information.

Shares or tracts of land can be bought or secured by letter enclosing the first instalment of \$5, when the subscriber will be furnished with books maps, &c. Warrantee Deeds given. Persons can also purchase from our Agents.

Boute from Philadelphia to Tyrone on the Penna. Central Railfead and thence by stage to the land. This is a delightful season to visit \$5. Mary's—the best hotel accomposation is afforded. Enquire for E. C. Schultz, Esq., the Agent for the property at \$5. Mary's. June 4, 1857.—\$53m

1856. MANUFACTURING.

DAVENPORT & CLAY

Would respectfully inform their patrons and the public generally, that they continue to receive WOOL

At the establishment of the Middlebury Manufacturing Company, to manufacture into different kinds of Cloths, such as CLOTHS, CASSIMERES, DOESKINS,

TWEEDS, FANCY GOODS, And all kinds of RIBBED GOODS, WHITE AND COL'D FLANNELS, Of permanent colors and mixes to suit the taste, on shares or by the yard; at the option

of the owner,
Having been to great expense in purchasing fooms suited to weaving FANCY CHECKS.

And using nothing but pure wool for the fab-ric, we feel warranted in saying that our goods, as to style and quality cannot be surpassed in the country.

They will keep a large assortment on hand
of the various kinds of their manufacture, so

as to accommodate those of their patrons who may want their cloth in advance.

The subscribers would say that they have been encouraged to venture this large outlay in machinery, from the fact that they have hardly been able, by the utmost effort on their part to supply the home demand for

their part, to supply the home demand for their cloths for the last two years.

Encouraged by the favor with which their goods have met thus far, they hope by strict personal attention to business, and the interests of their patrons, to receive a liberal

wool CARDING. We would announce to the public that we have also purchased a new set of machinery suitable for carding wool into rolls for cus-tomers, at short notice and at the usual prices. Terms as reasonable as at any establishment in the vicinity.

JASON DAVENPORT, VALENTINE V. CLAY.

Middlebury, May 26, 1856. Warren's Turbine Water Wheel

Manufactured by the American Water Wheel Co. WAREHAM, MASS.

WAREHAM, MASS.

Notwithstanding the uncommon expense in the construction of this Turbine over any other now in use, we are now prepared to furnish them to customers at a far less cost than any other iron wheel in the United States.

The buckets are steel, and made smooth, in such a manuer as to render their effect uneque led by any other iron wheel yet invented, for power and economy in the use of water.

Much care is taken in the curving of the buck els, to have them adapted to the head under which they are to run, and their discharge to correspond with that of the privilege for which they ere intended.

tended.

Our facilities are now such that we can furrish Turbines on the most scientific and improved plan at a very low rate.

We shall now fill orders from any part of the United States, at such prices as wiff render it a vailable to all who are desirons of procuring water wheels ; and as to the pollormance of our Turbines, warrant them to give them entire satisfaction, or no demand is made for payment.

The universal satisfaction they have herefolder given, is the best endorsement of their invariable success, and their final adoption in place of all other from wheels with the thick and clumsy cast iron buckets.

this Turbine drew a Silver Medal and Diploma at the Eighth Exhibition of the Charinable Medical Association, and is highly recommended in the opport.

Governments are offered to Agents. All mications answered with promptness, particulars, address A. WARREN, Agt. AMERICAN WATER-WHEEL CO.

AMBROTYPES.

H. RABLEN respectfully announces to the public that he has purchased his former partner's interest in the concern, and having had a good share of patronage awarded him (for which he is very thankful) he has concluded to remain at Middlebury for some few mouths longer. He has recently made great improvements in his moons, making them much more convenient for customers, and fitted up in a neat and tasty manner. Having had a number of applications to take views, I have engaged my brother to assist me, and am new prepared to take views of residences, scenery, horses, cattle, or anything that may be desired. Specimens of scenery may be seen at the rooms. Those wishing pictures, by patronizing me, may reat assured that they will get as good a picture as can be made, as I taken great interest in producing good work and allow no one to beat me in any branch of my business which I undertake, (unless in writing advertisements.) Please call and examine specimens. Rooms in Stewart's Block.

T. KINGSFORD & SON'S Pure Oswego Starch,

AS established in greater of shirty than has aver their obtain of by any other starch, is his been the result of its micked superiority in quality, and its invariable uniformity.

The public may be a sured of the continual
of the high standard now established.

The phone may be a sured of the continuates of the high standard now established.

The production is over I wenty I can daily, and the demand has extended throughout the whole of the United States, and to foreign countries.

Working thus on a very large scale, and under a rigid system, they are able to secture a perfect uniformity in the quality throughout the year. This is the great desideratum in Starch-making, and is realized now for the first time.

The very best Starch that can be made, and mother, is always wanted by consumers, and this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years, he had the charge of theworks of Wm. Colgate & Co., at which period he invented the process of the manufacture of Corn Starch.

B. Ask for Kingsford's Starch, as the name Osnego has been recently taken by another factory.

It is sold by all of the best grocers in nearly every part of the country.

T. KINGSFORD & SON'S OSWEGO CORN STARCH.

Has obtained an equal celebrity with their Sturch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermu da Arrow-Boot, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

farch.

From its great delicacy and purity, it is comng also into extensive use as a diet for infants nd invalids.

HOLLOWAY'S PILLS! The blood furnishes the material of every bone muscle, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it necessarily produces duscase. HOLLOWAY'S PHLS operate directly upon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady whether located in the nerves, the stomach the liver, the bowels, the nuscles, the skin the des, the skin the

HOLLOWAY'S PILLS are equally efficacious a complaints common to the whole human race and in disorders peculiar to certain climates and ALARMING DISORDERS. Dyspepsia, and derangment of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time.

USED THROUGHOUT THE WORLD

GENERAL WEAKNESS NERVOUS COMPLAINTS .- When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and en-feebled muscles of the victim of general debility.

feebled muscles of the victim of general debility.

DELICATE FEMALES.

All irregularities and milments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

SCIENTIFIC ENDORSMENTS.

The London "Lancet," the London "Medical Review," and the most eminent of the faculty in Great Britain, France and Germany, have culogized the Pills and their inventor.

Dr. Andrew Stone, Physician to the Troy
Lung Institute, inventor of the celebrated Pulimported of the Interview of the Celebrated Pulimported of the Interview of Interview

A WORD OF SOLEMN CONSCIENTIOUS ADVICE TO THOSE WHO WILL REFLECT.

It is a solemn truth that over 100,000 die in the Uniteo States annually with Consumption, Marasmus, or Premature Decay! There cannot be in effect without its adequate cause. Thousands of the young, of both sexes, go down to an early grave from causes little suspected by parents or guardiau.

grave from causes little suspected by parents or grardiau.

In view of the nwful destruction of kuman life, enused by sexual diseases, such as Spermatorrhica, Seminal weakness, the vice of self-abuse; disease of the kidneys, Spinal affection-premature nervous exhaustion or decay; and the deception practiced upon the community by base pretenders, the directors of the Troy Lung Institute have instructed their attending physician to give advice gratis, to all persons thus afflicted, who apply by letter with a description of their condition, age, occupation, habits life, &c. All persons applicants can be effectually treated at home.

Reltuck's Medicinal Usquebaugh Cordial Control of the System from rarious cruses, Loss of Appetite, fig.

The beauficial effects resulting from the judicious use of a pure and genuise article of Burbon Whiskey as a tonic and stimulant, particularly for consumptive patients, and persons exhausted from fatigue, or debilistated by prestraing diseases, want of life and energy in the different functions of the body, has given it an unparalled reputation, having received the sanction of our first physicians, and the patronage of our most eminent citizens.

This Cordial, ouing to its absolute pursuess and simplicity, as well us from its peculiar adoptation for medical uses, has met with the most signal success. The fact that most of the Burbon that comes for medical uses, has met with the most signal success. The fact that most of the Burbon is word in Louisville (Kentacky, 14res dellars at undetsale shows that in purchasing for medical use, great cantion of requisite.

The proprietors of this Cordial have supertor facilities for obtaining it direct of the Scotch farmers in Burbon Chunty Kentucky, and the public may be assured that it is worthy of their confidence. It is only from the use of a good and mitable article, that any benefit can result; therefore, in purchasing, great precutation is accessory. None genuine unless the written synature of W. E. RELLTUCK is over the cork of each bottle.
